## President's message

Greetings!

I hope that you have had an opportunity to review the [Updated ICF Core Competency Model](#) shared with all ICF accredited schools and attend one of the ICF webinars on the updates earlier this month.

I imagine that many of you are wondering how your school will update, and adapt, your training programs to align with the new model. As the owner of a coach training school, I have been pondering this as well with both excitement about the updated model and trepidation about getting the work done. Coaching schools have until, at the earliest, 2021 to implement changes. The ACTO Board will continue to receive updates from ICF to share with our members.

ICF will be holding a series of webinars for coach training schools to answer our questions as we grapple with the changes. Time has been allocated during the [November 20th ICF Program Accreditation Update Call](#), at 9 AM and 6 PM EST, to field additional questions about the Updated ICF Core Competency model and share changes to the ICF Code of Ethics. Our questions and feedback are valuable to ICF and will help our schools transition smoothly.

ACTO is here to support you and your school during this transition and we are gathering questions to bring to the November calls on your behalf. Some questions we've received from coach trainers include:

- What are the ICF's expectations about how and by when the new core competencies will be integrated into our program?
- What will the ICF want to see to measure changes in our existing programs and in new programs?
- How do the PCC markers and the new competencies compare or work

together? Which should I use to update my curriculum and my assessment process?

- Can I get some clarification about integrating the new core competencies into my curriculum while my trainers/assessors have not all completed the PCC marker training?

What questions do you want to ask ICF? What concerns you the most as you read through the information provided? We want to know what is important to you and your school, so please share your questions with me at [president@actoonline.org](mailto:president@actoonline.org) and I will share them with ICF on the November 20th calls, which will be recorded.

Wishing our friends in the U.S. a Happy Thanksgiving!

With gratitude,  
Jodi

Through this global research initiative, ICF collected data and insights on the knowledge, skills, abilities and tasks necessary for effective coaching from more than 1,300 coaches across the world representing a diverse range of coaching disciplines, training backgrounds, coaching styles, and experience and credentialing levels, including both ICF members and non-members.

Join us for this webinar to hear from ICF Global Board Vice Chair Sara Smith and ICF Director for Credentialing and Accreditation Carrie Abner, who will share key findings from the coaching job analysis, and how this important research will serve coach practitioners and coach training programs in the future.

**Presentador:** MARIA JESUS ZEA MONTERO . PCC, ORSC y CBC

**Fecha:** 20 de noviembre de 2019, 3pm CET/9am EST

Cuando integramos el movimiento en el coaching nos damos la oportunidad de incorporar el aprendizaje a través del cuerpo, las emociones y los pensamientos, generando transformaciones sostenibles en el tiempo.

¿Para que despertar la conciencia del movimiento en nuestros clientes y en nosotros mismos? ¿Dónde comienza el movimiento durante el proceso de coaching? ¿Al servicio de que o quien está tu movimiento, tu cuerpo?

Los procesos de coaching combinados con el movimiento esencial nos sumergen en la profundidad del aprendizaje y nos permiten disolver quiebres y explorar hábitos que nos llevan a diseñar una nueva ruta llena de posibilidades para el coachee.

Invitaremos a los profesionales a distinguir el poder del movimiento en los procesos de acompañamiento a través del diseño de algunos mapas corporales que nos facilitan el camino. Los objetivos que abordaremos:

- \* Facilitar el camino que permite conectar con el cuerpo y la emocionalidad en la práctica de coaching
- \* Aprender del cuerpo y del movimiento del coach como facilitador del proceso
- \* Aprender estrategias para disolver quiebres y generar compromisos
- \* Aprender de la escucha silenciosa y descubrir la sabiduría del cuerpo

## ACTO Committee Updates

### Scholarship Committee

The [Association for Coach Training Organizations](#) (ACTO) brings coach training to aspiring coaches around the world.

Each year, ACTO offers an annual scholarship to two (2) deserving individuals who demonstrate a desire for coach training and who best meet the objectives of the scholarship requirements. This opportunity is open to prospective students who are in need of financial support and willing to complete coach training from one of [ACTO's member participating schools](#).

Applicants will be evaluated on their ability to meet the following criteria:

1. A commitment to pursue a career in coaching and ultimately, credentialing through a recognized professional body.
2. A desire to use coaching to positively impact society, ideally working with underserved populations.
3. Demonstration of financial need.

The Scholarship application process will open on January 1, 2020 and will close on April 1, 2020. Scholarship recipients will be announced at the [ACTO 2020 conference](#) to be held from June 8-10 in Alexandria, VA, USA

### Ethics Committee

The Ethics Committee is requesting your input! As we continue to develop an asynchronous training for ACTO members on the ACTO Code of Ethics and on training coaching students on the ICF Code of Ethics, we want to include ethics scenarios, case studies, dilemmas and stories from your experience as a coach trainer and coach. And, we want to know the potentially high-risk situations for coach trainers and coaches to be aware of in their work. Please send your examples to [Cathy@CoachCert.com](mailto:Cathy@CoachCert.com) as soon as possible!
